Commercial Property Legal Work

At mosshaselhurst we recognise the need to handle any Commercial Property transaction in an efficient and effective manner with a view to saving time and money.

We have wide experience of Company Property work and will provide quality service at a value for money fee, with the primary objective of looking after your business needs.

Our teams experience of Commercial Property legal work includes buying/selling offices, shops, industrial unit and commercial property in general.

Why use mosshaselhurst?

We are a local expanding firm building on our reputation for excellence and offering a level of service in Company Property work often associated with city practices.

However as a local firm our lower overheads mean that we can offer more competitive rates than our city counterparts with the added benefit of being close to you on your doorstep.

You can expect an efficient service not only because we invest in the latest technology but also because we pride ourselves on going the extra mile for all our clients.

Confidence in your Solicitor

mosshaselhurst holds the Law Society's LEXCEL Quality award. You can have confidence that we will deliver the service that your business deserves.

Costs

At our first point of contact we will tell you how much the transaction is likely to cost and in most cases we will be able to give a fixed fee estimate (providing the transaction proceeds without (unforeseen) complications).

At this stage we will also inform you of the likely cost of disbursements such as Search Fees and Land Registry Fees based on the information then available.

In addition we can provide vital advice on the VAT implications of the transaction.

Timescale

We believe in keeping clients regularly informed and updated and will always do our utmost to comply with all deadlines and to meet your expectations. However, we will not give unrealistic timescales and will advise you at the outset if we feel your expectations are not achievable.

If you would like to find out more please contact our Commercial Property team who will explain how we can help your business.

We should be happy to arrange a small fixed fee introductory meeting.
